Our Campuses

KIPP Atlanta Schools educates more than 5,500 scholars across 11 schools.

KIPP Atlanta Schools is a network of free public charter and partner schools located in the city of Atlanta and East Point. At KIPP, we believe every child should grow up free to create the future they want for themselves and their community. Our 11 schools are open to all scholars who reside within the Atlanta Public Schools district or Fulton County Schools district.

Our Primary Schools

KINDERGARTEN THROUGH 4TH GRADE

Our five primary schools are where our scholars begin their academic journeys. While in primary school, our scholars love and curiosity for learning is cultivated. Our primary schools are based in community, love, joy, and are committed to providing robust, interactive, and stimulating lessons that plant the seeds of confidence and instill the belief in our scholars that they can be anything they choose to be.

Our Middle Schools

5TH GRADE THROUGH 8TH GRADE

The history of KIPP and KIPP Atlanta Schools began with middle schools. We believe that middle school is a critically-important stage in a scholar's academic career. Our five middle schools provide an academically rigorous learning environment while maintaining the joy and love essential for scholars to thrive. Our middle schools prepare scholars for high school and create an array of opportunities to begin their exploration into post-secondary options.

Our High School

9TH GRADE THROUGH 12TH GRADE

Our high school, KIPP Atlanta Collegiate, is where our scholars are guided and supported on their path towards earning a high school diploma and making decisions on their post-secondary education and career. Our KIPP Forward counselors begin to work with each scholar to design a college wish list and decide college matches based on each scholar's individual passions. At KIPP Atlanta Collegiate, our scholars are supported every step of the way towards high school graduation and beyond – whether it be college, career, or the military – that is our commitment.

Our school logo/shield is representative of our history and our mascot, The Warrior. Founded in 2003, KIPP South Fulton Academy was the second KIPP Atlanta Schools school to open and the only KIPP school located in the Fulton County Schools district. The history of the KIPP South Fulton Academy school building dates back to 1952 when it was originally opened to maintain segregation in Fulton County. The school was originally named East Point Elementary and was one of two schools, the other being South Fulton High School, for Black scholars in Fulton County. The origins of the KIPP South Fulton Academy school building are rich and its existence has played a pivotal role in our East Point community. Our symbol, the flame, is representative of the multiple fires our school building has endured over the years prior to reopening as KIPP South Fulton Academy in 2003. At KIPP South Fulton Academy, we are proud of our history and we stand on the shoulders of the Black trailblazers who advocated to ensure our community had access to the education it deserved.

ARTICLE II OFFICES

Section 2.1. Principal Place of Business.

The principal place of business of the Corporation, and its mailing address, shall be 98 Anderson Avenue, NW, Atlanta, GA 30314 or such other location as the Board of Directors of the Corporation (the “Board”) may determine or as the affairs of the Corporation may require from time to time. Board Bylaws *(continued)*

and the address of the registered office may be changed from time to time by the Board of Directors in accordance with applicable law.

ARTICLE III BOARD OF DIRECTORS

Section 3.1. Powers.

The business, affairs and property of the Corporation shall be managed and controlled by the Board, and all corporate powers shall be vested in and exercised by the Board, except as otherwise provided by law, the Articles of Incorporation or these bylaws (“Bylaws”). Duties of the Board include reviewing and approving a long-term strategic plan and annual budget; determining the responsibilities of, evaluating, hiring and/or terminating the Executive Director; and seeking to maintain the financial viability of the Corporation.

Section 3.2. Number.

The number of directors (“Directors”) constituting the Board will be a minimum of seven and a maximum of twenty-four. The number of Directors may be increased or decreased from time to time by the Board.

Section 3.3. Election and Term.

Directors shall be nominated by the Committee on Directors after consultation with the Chair and President. Directors shall generally be elected at the year-end annual meeting held in June (the “Annual Meeting”), but at the Board’s discretion, a Director may be elected prior to the Annual Meeting for an interim term through July 1 of that fiscal year. In addition to any such interim term, Directors shall be elected for one (1) three-year term that begins on July 1 (the “Initial Term”) and, if re-elected, shall be able to serve an additional two consecutive three-year terms (for a total of three terms). Thereafter, a Director must wait at least one year before being eligible for re-nomination to the Board, unless this requirement is waived by vote of 2/3 of the Board upon the recommendation of the Committee on Directors, in which case the Director may be elected to an additional two-year term; provided, that notwithstanding the foregoing, (a) a Director who is the immediate past Chair of the Board at the time such Director’s third three-year term ends may serve an additional one-year term and (b) a Director may serve up to two years beyond his or her third three-year term while serving as Chair of the Board and one additional year thereafter. Initial terms for Directors elected prior to July 1, 2010, will be deemed to expire as set forth in the Appendix to these Bylaws. No persons serving on the Board shall be paid employees of the Corporation, or the relatives of such persons.

Section 3.4. Removal.

Any or all of the Directors may be removed with or without cause by a majority vote of the currently elected Directors at any special meeting of the Board called for that purpose.

Board Bylaws *(continued)*

Section 3.5. Resignation.

Any Director may resign at any time by delivering written notice of his or her resignation to the President or Secretary of the Corporation. Such resignation shall become effective upon receipt thereof by the President or Secretary, but the acceptance of such resignation shall not be necessary to make it effective. No Director may resign if the Corporation would be left without at least one duly elected Director.

Section 3.6. Meetings.

The Board and the Corporation are subject to Georgia's open meeting laws, and all meetings of the Board shall be held at the time and place provided in the notice prepared in compliance with the open meeting laws. The Annual Meeting of the Board shall be held each year in June for the election of the Chair of the Board ("Chair") and Directors as nominated by the Committee on Directors and for the transaction of such business as may properly come before the meeting. Regular meetings of the Directors shall occur at least four times per year on dates selected by the President. Special meetings may be called at any time by the President, Chair, or any three (3) Directors. A majority of the Directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than twenty-four hours, notice of an adjournment to another time or place shall be given prior to the time of the subsequent meeting to the Directors who were not present at the time of the adjournment.

Section 3.7. Notice of Meetings.

In addition to the notice requirements pursuant to Georgia's open meeting laws, notice of the time and place of each regular, special or annual meeting of the Board shall be given to each Director by first-class mail at least four days before the meeting is held, or by personal delivery, facsimile or electronic mail at least forty-eight hours before the meeting is held.

Section 3.8. Quorum and Voting.

Except as otherwise provided by law, a majority of the currently elected Directors shall constitute a quorum for the transaction of business by the Board. Except as otherwise provided by law or these Bylaws, the vote of a majority of the Directors present at the time of a vote, if a quorum is present, shall be the act of the Board.

Any action required or permitted to be taken at any meeting of the Board of Directors or any action that may be taken at a meeting of a committee of the Board of Directors may be taken without a meeting if the action is evidenced by one or more consents in writing or by electronic transmission describing the action taken, signed by no fewer than a majority of the voting members of the Board or committee, and delivered to the corporation for inclusion in the minutes for filing with the corporate records reflecting the action taken. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form. This provision shall not be utilized if 20% or more of voting members request that such action not be taken without prior discussion at a regular or special meeting of the Board or committee.

Board Bylaws *(continued)*

Section 3.9. Telephonic Participation in Meetings.

To the extent permitted by law, any one or more members of the Board or any committee thereof may participate in a meeting of the Board or committee by means of a conference telephone or similar communication equipment allowing all persons participating in the meeting to hear each other at the same time, provided such meeting and notice thereof comply with the open meeting laws.

Section 3.10. Committees.

The Board will have an executive committee (“Executive Committee”) and may have other committees, each consisting of at least three Directors. Committees (with the exception of the Executive Committee and the Committee on Directors) may include members who are not Directors, and such members shall have voting power on matters before the member’s respective committee. Upon the recommendation of the Chair and committee chair, and after solicitation and consideration of feedback from the President and the Board, the Committee on Directors shall elect members of the committees. After consultation with the Chair and the President, the Committee on Directors will nominate the chairs of the committees, subject to approval by the Board. After consultation with the Chair and President, the Committee on Directors will nominate a chair-elect for any committee to serve in such capacity not less than six months before nomination for election as committee chair or whatever shorter time period becomes necessary. Committees shall have all the powers delegated by the Board as described in each committee’s charter. Except as otherwise provided by law, the presence of at least half of the total number of voting committee members shall constitute a quorum for the transaction of business by that committee. For purposes of determining whether a quorum is present, non-voting, ex officio committee members shall not be included in the number of committee members present or the total number of committee members.

Section 3.11. Standing Committees.

The Board will have five standing committees (“Standing Committees”): the Executive Committee, Development Committee, Finance Committee, Committee on Directors, and Advocacy Committee. Each Standing Committee will have a charter that defines its respective roles and responsibilities, and each Committee shall have the authority to delegate responsibility to subcommittees with approval of the Board. The Board may elect to name other Standing Committees as it deems appropriate.

(a) The Board may delegate to the Executive Committee full powers of the Board to act upon all matters pertaining to the welfare and management of the Corporation between regular meetings of the Board. The Executive Committee will conduct the annual July review of the Executive Director’s performance in the prior fiscal year and recommend performance goals and compensation for the upcoming fiscal year, subject to final Board approval. The Executive Committee shall include the Chair, Chair-Elect, immediate past Chair, the chair of each Standing Committee, and any additional Directors nominated by the Committee on Directors in consultation with the Chair and approved by the Board. The Executive Committee shall report to the next regular meeting of the Board any action taken by it during the interim between any regular meetings of the Board.

(c) The Finance Committee is responsible for seeking to maintain the financial viability of the Corporation. The Finance Committee shall approve the annual operating budget and present it to the Board for review and approval. The Finance Committee shall monitor the financial operations and report on the Corporation's financial status at each regular meeting of the Board. The Finance Committee shall review and approve the organization's fiscal policies and procedures and shall present recommended changes to the Board as appropriate. The Finance Committee shall recommend the selection of the independent auditing firm and oversee the auditing process and recommend approval of the annual audit to the Board. The Finance Committee also will oversee the major business and operating risks of the Corporation, along with any pending litigation, to ensure that all such risks are being identified and managed appropriately. The Finance Committee shall perform such other tasks as set forth more specifically in its charter. The Finance Committee shall include the Chair, and Chair-Elect when applicable, as a member.

(d) The Committee on Directors is responsible for overseeing matters pertaining to the Corporation's Board, including membership and evaluation. The Committee on Directors will nominate the Chair, Chair-Elect (as appropriate), and Officers of the Corporation (the "Officers") for election after consultation with the Chair and President. The Committee on Directors shall establish criteria for the selection of new Directors, evaluate such candidates, and make recommendations to the Board for new Directors for Board approval at the annual meeting. The Committee on Directors shall nominate the chairs and chairs-elect (as appropriate) of the committees, to the Board after consultation with the Chair and President. The Committee on Directors shall elect members of committees upon the recommendation of the Chair and committee chair after soliciting and considering feedback from the President and the Board. The Committee on Directors shall perform such other tasks related to the membership and performance of the Board as set forth more specifically in its charter.

(e) The Advocacy Committee is responsible for outreach and advocacy with applicable governmental entities, community leaders, and the public to advance laws, regulations, policies, and other measures that are in the best interests of the Corporation and its schools. The Advocacy Committee shall analyze legislative developments and other trends potentially impacting the Corporation's schools; make recommendations to the Board and carry out appropriate actions in response to such developments and trends; maintain and develop relationships with government officials, school board members, and other community leaders with oversight or influence on policies and issues potentially affecting the Corporation's schools; communicate and coordinate with other schools and organizations that have

interests that are aligned with those of the Corporation's schools; and perform such other tasks as set forth more specifically in its charter.

Section 3.12. Compensation.

Persons serving as Directors or members of a committee shall not receive any salary or compensation for such services, though they may be reimbursed for reasonable out-of-pocket expenses incurred in fulfilling such services.

Section 3.13. Personal Liability of Directors.

All personal liability of a Director to the Corporation for monetary damages for breach of fiduciary duty as a Director is eliminated; provided this provision shall not eliminate or limit the liability of a Director:

- (a) For any breach of a duty of loyalty to the organization; and
- (b) For acts or omissions not in good faith or which involved intentional misconduct or a knowing violation of law.

Section 3.14 Honorary Directors

The Board may, from time to time by a majority vote of the Directors, appoint as it shall deem necessary one or more persons to serve as an Honorary Director of the Board; provided, that no person shall be an Honorary Director unless such person has previously been a Director. Honorary Directors shall have the same rights to attend meetings of the Board, receive notice thereof and participate therein as Directors; provided, that (a) no Honorary Directors shall have a vote on any matter before the Board and (b) no Honorary Director shall be permitted to attend a non-public session of the Board unless such person is invited by the Board to attend such session on a basis other than their role as an Honorary Director (e.g., as a person having particular expertise on a matter before the board in such session), in accordance with Board's practices and procedures regarding attendance at non-public sessions by non-Directors. In considering whether to appoint a person as an Honorary Director, the Board shall consider, among other factors as the Board may deem relevant, the past contributions of such person as a Director, the historical knowledge of such person with regard to the Corporation and matters having been considered by the Board, and the experience or expertise of such person as is relevant to matters before the Board.

Unless otherwise determined by the Board, Honorary Directors shall serve for a five-year term, and may be reappointed by the Board for additional consecutive five-year terms. Any Honorary Director may be removed with or without cause by a majority vote of the Directors. Any Honorary Director may resign at any time by delivering written notice of his or her resignation to the President or Secretary of the Corporation. Such resignation shall become effective upon receipt thereof by the President or Secretary, but the acceptance of such resignation shall not be necessary to make it effective.

ARTICLE VI CONFLICTS OF INTEREST

Section 6.1. Purpose.

The purpose of the conflicts of interest policy is to protect the Corporation's interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an Officer, Director, or committee member. This policy is intended to supplement but not replace any applicable state laws governing conflicts of interest applicable to nonprofit and charitable corporations.

Section 6.2. Definitions.

(a) Interested Person. Any Director, Officer, or member of a committee who has a direct or indirect Financial Interest, as defined below in Section 6.2(b), is an Interested Person.

(b) Financial Interest. A person has a Financial Interest if the person has, directly or indirectly, through business, investment or family:

- (1) an ownership or investment interest in any entity with which the Corporation has a transaction or arrangement;
- (2) a compensation arrangement with the Corporation or with any entity or individual with which the Corporation has a transaction or arrangement, or
- (3) a potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Corporation is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are substantial in nature.

The remaining Directors shall decide if a conflict of interest exists.

Board Bylaws *(continued)*

(c) Procedures for Addressing the Conflict of Interest.

(1) An Interested Person may make a presentation to the Board, but after such presentation, he or she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement resulting in the conflict of interest.

(2) The Chair shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

(3) After exercising due diligence, the Board shall determine whether the Corporation can obtain a more advantageous transaction or arrangement with reasonable efforts from a person or entity that would not give rise to a conflict of interest.

(4) If a more advantageous transaction or arrangement is not reasonably attainable under circumstances that would not give rise to a conflict of interest, the Board shall determine by a majority vote of the disinterested Directors whether the transaction or arrangement is in the Corporation's best interest and benefit and whether the transaction is fair and reasonable to the Corporation; and shall make its decision as to whether to enter into the transaction or arrangement in conformity with such determination.

(d) Violations of the Conflicts of Interest Policy.

(1) If the Board has reasonable cause to believe that a Director, Officer or member of a committee has failed to disclose actual or possible conflicts of interest, it shall inform such person of the basis for such belief and afford such person an opportunity to explain the alleged failure to disclose.

(2) If, after hearing the response of such person and making such further investigation as may be warranted in the circumstances, the Board determines that such person has in fact failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Section 6.4. Records of Proceedings.

The minutes of the Board and all committees with Board-delegated powers shall contain:

Section 7.3. Amendments.

If the Act hereafter is amended to authorize broader or less broad indemnification of Directors, Officers, committee members, agents and employees, then the indemnification of such Directors, Officers, committee members, agents and employees of Corporation shall be expanded or reduced, as the case may be, to the fullest extent then permitted by the amended Act.
