

## School Photography and Media Release Opt Out Form

2025-26SY

***Complete and return this form only if you wish to opt out of the media release.***

KIPP Atlanta Schools (KAS) may photograph, videotape and/or voice record scholars, using their images, likenesses and voices in KAS approved photographs, videos, publications, internet, news, media interviews, social media and web pages for newsletters and promoting the scholar's schools or KIPP. Your scholar may be asked a variety of questions concerning school and school related activities and programs, and the contents of the interview and/or content collected may be published or aired publicly. Your scholar will be under the supervision of a KIPP staff member during the interview or photo session.

Although scholars will be appropriately prepared for interview and photo sessions, your scholar reserves the right to refuse to answer any questions or participate in any discussions that make him/her feel uncomfortable. Additionally, your scholar and/or the supervising KIPP staff member reserves the right to terminate the interview, photo, or video session at any time for any reason.

Neither KAS, nor the news media, has any obligation to air or publish the image, photos, videotape and/or voice of any scholar. Neither you nor your scholar will receive any monetary compensation for these rights, and your scholar's appearance or the use of his/her voice in any publication, photo, internet, or televised form does not confer any ownership rights to you or your scholar.

KAS records and maintains audio recordings and video or photographic footage and audio recordings of scholars on school property and at school events in locations including, but not limited to, parking lots, school buses, lunchrooms, classrooms, and hallways. These photographs and recordings often include depictions of students engaged in instruction, school functions, and school activities. Such information is used and maintained for KIPP projects, including but not limited to, video production, school/regional/personnel publications and websites, blogs, or social media. In many cases, recordings contain peripheral video or photographic footage of scholars engaged in day-to-day activities including, but not limited to, walking to class, and attending class or school activities. Your scholar may be seen/heard in peripheral video footage, photographic images, or audio recordings.

If you do ***not*** consent to the use of your scholar's image, voice, or likeness as described above, please complete the section below. Opt-out forms are valid only for the current school year and must be renewed annually.
